OFFICIALS ALARMED OVER R.R. SITUATION

Leaders of Big Four Fear They Can't Stop Walkout

SAY MEN WILL QUIT

To Investigate Report That Roads Are Not Earning Fixed Charges Since Sept. 200,000 Laid Off.

Washington, Feb. 4.—Official Washington is seriously alarmed over the steady growing discontent of railroad workmen and the possibility of a tie up of the transportation systems of the country through a nation-wide strike.

Influential leaders of the Big Four Brotherhood, having in their membership a majority of the railway workmen, already have served notice that it probably will not be possible for them to prevent a walkout in the event the Railroad Labor Board permits the abrogation of national agreements and allows a reduction in wages, such as is asked by railroad operators.

Three telegraphic appeals from the brotherhoods for an investigation of the statements made by W. W. Atterbury, chairman of the labor board of the Association of Railway Executives, that the roads are not now earning fixed charges, and an appeal from A. Dewitt Cuyler, chairman of the Association of Railway Executives, were referred yesterday by President Wilson to Secretary Payne, former Director-General of Railroads, for an expression of opinion. Mr. Payne has indicated that he would send to the President his opinion as soon as he had an opportunity to give the matter due consideration.

Leaders of the railroad organizations now in Washington do not predict a strike in the event wages are reduced, but assert that the nation will face a transportation crisis and intimate that the men will simply refuse to work at reduced wages whether or not their leaders order them to.

E. O. Davison, secretary of the international machinists' organization, yesterday declared that "the hardest job we have right now is to keep the men at their work. The men are bitter. They want to throw up their jobs and quit. I don't want to talk strike, but I know that it will be next to impossible to hold them in line if wages are reduced."

J. B. Malloy, Grand Vice President of the Brotherhood of Maintenance of Way Employes, declared yesterday that he did not believe the men of his organization would tolerate a reduction in wages or abrogation of agreements.

Given Ninety Days

Pistol Cause of Trouble—Speeders Help Enrich City Treasury

A colored man bearing the distinguished name of Lacey Mosby today was charged by Policeman Gill with carrying a concealed weapon. The officer produced to Justice Snow a dangerous looking pearl handled revolver which he claimed Mosby had in his pocket while at work yesterday as a track hand. The excuse of Mosby was that a "fellow" pawned it to him for $30 and was to have redeemed it. Ninety days in jail was the verdict of the court.

Next case called was for speeding with Policeman Magner as complainant. The auto owner was driving 25 miles an hour said the officer. The accused said if he was going twenty five miles an hour he could have the courthouse filled every day. The owner had no speedometer and the officer had. A fine of $5 was imposed Five others cited by Policemen Magner and Lawrence Padgett for violating the speed and traffic laws left $5 each and failed to appear.

HIGH SCHOOL BASKET BALL

The High School teams, both boys and girls, will play the teams of Fredericksburg High at A. H. S., tonight at 7:30. Two fine games are expected and the "Fans" will do well to see the High School teams in action. Admission 25 cents.

To Depart Tuesday

Capt. and Mrs. Hellwege of the Salvation Army Transferred to Frostburg, Md.

Capt. and Mrs. J. D. Hellwege, for the past four years in charge of the Salvation Army in this city, will leave Tuesday for Frostburg, Md., to which city they have been transferred. Their many friends in Alexandria will regret to learn that they are to leave this city. While in Alexandria both Capt. and Mrs. Hellwege have made many friends. Their splendid work in this city in behalf of the poor and afflicted can be testified to by hundreds of our citzens. Since coming to Alexandria October 21, 1917, the couple have been untiring in their efforts to look after the wants of the needy and on numerous occasions have given aid to girls and women and obtained homes for them and befriended them in many ways.

Hundreds of testimonials from those who have been befriended are now in their possession together with many letters of praise from others who know of their splendid achievements here.

Under their administration in Alexandria, the Salvation Army acquired a handsome home on the north side of King between Royal and Fairfax streets and have remodeled the building into an up to date home.

Many homeless men, women, and children have sought shelter in this home and have been greatly aided by Capt. Hellwege and his wife. The latchstring was always on the outside at the Salvation Army home.

Arrangements have been completed for their farewell meeting at eight o'clock Sunday night at the home.

Capt. and Mrs. Hellwege request the citizens of Alexandria not to forget the tambourine offering at the theaters and stores tonight and tomorrow night.

The Gazette wishes Capt. and Mrs. Hellwege success in their new field which they so richly deserve.

College Girls Now Learning to Repair Automobile Motors.

Wellesley, Mass., Feb. 4.—The young women of Wellesley college, turning from the classics to utilitarian studies, are learning not only how to drive their automobiles, but also to be "trouble-shooters" when need be.

The complexities of ignition and carburetion are being explained to 30 of them in a new automobile course by Prof. Lucy Wilson, of the physics department. Within a few days they will advance from the theory in books to the practice in delving into grimy connecting rods and piston heads, carbureters and magnetos, to trace out troubles.

Whether the present popularity of the class will continue after the girls get the greasy hands and smudged noses that mark the motor mechanic is a question that may involve the future of the course.

Barn Destroyed

Burning Grass Thought to Have Been Responsible at Place of Mrs. Lewis Hooff

Burning grass is believed to have been responsible for a fire at 1 o'clock this afternoon which destroyed a barn, a one and a half story frame structure, on the place of Mrs. Lewis Hooff, on Seminary Hill, about three miles west of Alexandria. A large quantity of valuable furniture stored in the barn also was destroyed

The Alexandria Fire Department was called on for assistance and Fire Chief Ogden accompanied by Motor Truck No. 1, and members of Company No. 5, proceeded to the fire. They confined their efforts to preventing a spread of the fire to the residence of Mrs. Hooff about fifty yards away from the barn. They did this by smothering the fire in the grass surrounding the place. The residence of Mrs. Hooff adjoins the handsome home of Edward L. Daingerfield known as "Malvern."

Bad Sidewalks

Citizens' Association Discuss Speed of Police and Fire Vehicles

The regular meeting of Alexandria Citizen's Association was held last night in Pythian Temple 319 Cameron street.

Committee on streets reported they had handled the matter of improving sidewalks with several property owners and they also stated they would arrange in the near future to take photographs of side walks in bad condition and mail them to property owners.

Committee on police department called attention to speed of motorcycle police on King street also to a article in Washington Times of the week of January 15, inviting people over to see the races of motorcycle police.

Speed of fire apparatus when responding to an alarm was also called to the attention of the association.

Committee on membership reported the names of 10 citizens who desire to become members of the association.

Committee on public property suggested that the committee on sinking fund take some action regarding a market master, as many of the tenants it was reported are complaining of the service furnished.

The attendance at this meeting was not as large as we would like and we urge that every public spirited citizen attend our meetings which are open to the public at all times.

The association adjourned to meet Wednesday, February 23rd.

"Under the Peace Treaty the crown jewels were regarded as belonging to the Austrian State. The government resolved to bring action against the Emperor for the recovery of the jewels.

"The government's legal advisor proposed that the matter be submitted to the arbitration of a court. The deposed sovereign accepted this suggestion and bound himself not to sell the jewels until the question of possession had been settled."

VOLUNTEER POLICEMAN KILLED BY OVERWORK

Atlantic City, Feb. 4.—Overwork as a volunteer policeman in patrolling the streets of Pleasantville during the epidemic of burglaries is believed to have been largely responsible for the death of Daniel W. MacMillan, who was found lifeless in his bed by his wife yesterday morning.

MacMillan retired yesterday morning at 4 o'clock, after acting as a volunteer policeman for six hours. He was apparently in good health.

When his wife went to summon him to breakfast at 10 o'clock, she found him dead. Heart disease is given as the cause of death.

LETTER FROM MR. SWAN.

A letter from Mr. Swan, one of Alexandria's leading merchants, came in time for publication yesterday, but too late for editorial comment. He takes exception to our editorial of Wednesday last. He says he is somewhat surprised at our statement that "the merchants of Alexandria were in favor of this increase, as it possibly would keep more trade in Alexandria." Our friend, Mr. Swan, shoots with what sportsmen call hair-trigger. He should give it just a trifle more pull.

First, we did not say that the merchants were in favor of the increase.

Second, we called, unhesitatingly the information that did trickle through the murk to the listening ears of our reportorial staff, only "vague reports," and emphasized the argument given in support, as "fallacious and absurd," thereby indicating emphatically that we did not believe our merchants guilty. We had just a day or two before paid an editorial compliment to their sagacity, and expressed our confidence in their shrewdness and merchandising ability.

Third, we designated all the street talk as gossip and hearsay talk and probably unreliable.

Our contention all through the editorial was that we were not supplied with legitimate information from headquarters; that the GAZETTE is the only channel through which the public obtains its local news; and that unless the newspaper was furnished authoritative intelligence, the public would be misinformed and misled by just such foolish rumors as had been started, and therefore liable to work harm even when the intentions were praiseworthy.

We are sure that Mr. Swan, upon a re-reading of the editorial will see that we were in fact complaining of the falsity of the rumor attributed to the merchants, and arguing for more publicity from the proper sources.

SUBURBAN NEWS.

The GAZETTE wishes to call attention today to its news columns from the suburban towns of Rosemont, Braddock, Del Ray, Mt. Ida, St.Elmo, and elsewhere. Information as to the social, civic and other happenings in these localities will be welcomed by our correspondent, Miss Emerson, whose address will be appended to the column each week. Her phone number is given for the greater convenience of our readers.

PRELATE'S VISIT TO ROME MAY SOLVE IRISH PROBLEM

Rome, Feb. 4.—It is understood that Archbishop Hayes came here to disauss the solution of the Irish question with the pope. Although the nature of the archbishop's plan is not known, it is said to involve concessions and to be, therefore, a form of conciliation.

The attitude of Archbishop Hayes' entourage is non-committal and neither affirmation nor denial of the political nature of his visit here is obtainable.

It is understood that the archbishop is also to confer with Thomas Kelly, Lord Mayor of Dublin, and other Irish leaders who are now in Rome.

REPORTS LOSS OF $7,855,278 ON LAST YEAR'S BUSINESS

Chicago, Feb. 4.—The annual statement of Montgomery Ward and Co., made public last night, said that the company operated during 1920 at a loss of $7,855,278, including depreciation, despite the fact that its sales were larger than ever before.

During the first seven months of the year sales increased approximately 34 per cent. over the same period in 1919, the statement said, but price reductions in the last four months caused heavy losses on the sales in this period, which decreased so much that the total sales for the year were only 3 per cent. larger than in 1919.

FRENCH—Entered into rest on Thursday, February 3rd, 1921, at 5:45 p. m., at the residence of Judge Louis C. Barley, 211 North Washington street, Alexandria, Virginia, in her 70th year, MRS. KATIE UHLER FRENCH, widow of the late West A. French, of Princeton, West Virginia, and daughter of the late Dr. D. Milton and Mary E. French. Funeral and interment at Princeton, West Virginia, Saturday, February 5th, at 12:30 p. m. 30-1t.

Mrs. Sylvia Foster, of Buffalo, N. Y., who says she wishes she could go into every home and tell how Tanlac completely restored her health after she had lost all hope of ever being well again.

"They had given up all hope of my ever being well again but thanks to Tanlac I am feeling as well now as I ever felt in my life and I only wish I had time to go to every home and tell every sick person about this grand medicine.

"A year ago last January I had a severe attack of influenza which left me in a terribly weakened condition, and my appetite was so poor that I ate little more than enough to keep body and soul together.

"My heart palpitated so dreadfully at times that it seemed like it had stopped altogether and I would think my time had come. I was so weak that I couldn't go up the steps without holding to the railing. It was impossible for me to do any housework. I was so nervous that I couldn't drink my tea or coffee without spilling it.

"My sleep was restless and broken and I would have smothering spells and would just have to get up and go to the window so I could breathe.

"I finally started taking Tanlac on the advice of a friend and before I had finished taking the second bottle my neighbors could tell I was improving right along. Well it has only taken five bottles to restore my health completely.

"My appetite is just splendid now, my nerves are strong and steady, my housework is a real pleasure and I can sleep like a child at night. In fact, I never felt better in my life than I do now."

The above remarkable statement was made by Mrs. Sylvia Foster, of 206 S. Davision St., Buffalo, N. Y., a well-known and highly respected resident of that city.

Tanlac is sold in Alexandria by Edgar Wanfield, jr., and good druggists everywhere.

CHEERS HOME BREWERS

Greensboro, N. C., Feb. 4.—A word of cheer for home brewers was sounded here by Wayne B. Wheeler, counsel for the Anti-Saloon League, attending the State convention of the organization.

"Tightening up" activities of those interested in prohibition enforcement would not be directed for the present at those making intoxicating beverages for their own use, he said, although they were technically violating the law.

FALLEN ARCHES HIS TAX PLEA

Boston, Feb. 4.—Collector John J. Mitchell, of the Internal Revenue office, strives to make the road of the income taxpayer as pleasant as possible, but he confessed, himself stumped yesterday.

NEW YORK PROBE DIRECTED NOW TO MEN "HIGHER UP"

New York, Feb. 4.—Former Governor Whitman yesterday sidetracked his investigation of graft among police officials to follow clues leading to men "higher up" in alleged municipal corruption. This phase of the inquiry, involving city contracts, will "stand New York on its head," declared Arthur M. King, one of Mr. Whitman's assistants.

The diversion of the Whitman investigation was prompted by the Board of Estimates' examination of city contracts and deals specifically with those contracts awarded for the construction of sewers in Brooklyn.

The latest expose in the investigation of the graft in the acceptance of gratuities for recovering stolen autos indicated, members of the prosecutor's staff said, that thievery was so common that policemen stole machines from each other. That members of the Police Department used stolen machines for months before returning them to their owners also was disclosed yesterday. One policeman is reported to have exchanged a stolen car for a new one, while another changed the hood and wheels of a stolen car in order to sell it for $7,000.

Whereas among the lots so conveyed to said City Council of Alexandria is Lot Numbered 64 Block 5 Section 1 George Washington Park which in reality belongs to one A. J. Darrah, now

Be It Ordained by the City Council of Alexandria, Virginia, that the Mayor of the City of Alexandria be and he is hereby directed and authorized to sign, under the seal of the said City, and to acknowledge and deliver, a proper deed to said A. SOUND KIDNEYS SAVE SUFFERING

The hustle and bustle of modern life cause weak kidneys. Overwork and worry invariably create poison faster than the weakened kidneys can filter it from the blood. Pain in the back, nervousness, and lack of ambition are the first warnings that the kidneys are deranged and for these conditions, Warner's Safe Kidney and Liver Remedy should be used for beneficial action. For 50 years this dependable medicine has proved itself beneficial for kidney disease and its oftimes terrible effects. Here's an instance of its remarkable efficacy:

"I wish to say that your remedies have been used in our family for fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver Remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver."—(Signed) Florence E. Schmidt, R. F. D. No. 1, Dunkirk, Ohio.

Warner's Safe Kidney and Liver Remedy contains no harmful ingredients and should be used when the kidneys need attention. Sold by Gibsons Drug Store. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 638, Rochester, N. Y.

64 ROADS FALL SHORT OF MEETING FIXED COSTS

Chicago, Feb. 4.—In support of his statement that the railroads of the country face bankruptcy unless immediate relief is given, W. W. Atterbury, vice president of the Pennsylvania, submitted to the Federal Railroad Labor Board yesterday a statement showing earnings of railroads for January.

This statement said that 30 railroads failed to earn even their operating expenses in January and that 34 others, including the Baltimore and Ohio, Western Maryland and Pennsylvania, while earning their operating expenses, did not have sufficient surplus to meet their taxes and fixed charges for the month.

Mr. Atterbury's statement was presented by E. A. Whiter, who has been presenting the railroads' evidence, and quoted T. Dewitt Cuyler as authority for the figures. The statement continued:

"Under present traffic and operating conditions, these were the results, despite the fact that the 64 companies referred to have, in the aggregate, decreased their labor cost of operation by laying off approximately 200,000 employes since September 1, 1920. These companies have a total main line mileage of more than 100,000 miles and constitute approximately 40 per cent of the railroad mileage of the country.

"The fight which the railroads are making is not only their fight but the fight of the farmer, the consumer and of the workingman and employer in every industry of the country. Our application to terminate arrangements (the national agreements) is simply the attempt to secure Government sanction for the necessary process whereby these railroads can again fit their expenses and operating rules to the conditions of the territories whose public servants they are."

No decision for Mr. Atterbury's request for immediate abrogation of the agreements will be rendered by the board until after the employes make their reply next Monday, when the board will reconvene. A speedy ruling on the matter is expected following the employes' appearance, however.

WORLD AIR RACE ABANDONED

New York, Feb. 3.—Plans of the Aero Club of America for an international airplane race around the world have been abandoned, officials of the club announced today.

The race was proposed several years ago by the Aero Club of America, which at that time was not affiliated with the American Flying Club. Sets of rules and regulations were drawn up by both French and American flying clubs, and failure to agree on these was said to be one reason for abandoning the race. Practical fliers also declared that such a race was not practicable at the present stge of aeronautics.

Tampa, Fla., Feb. 4.—Approximately $29,000 was taken when robbers early yesterday robbed the State Ban kand Atlantic Coast Line Railroad Station at Largo, Fla., forty miles north of here, according to reports received here.

The bandits, after cutting telephone and telegraph wires on the outskirts of the town, are believed to have escaped in an automobile.

SCHWAB WILL STUDY GERMAN SITUATION

New York, Feb. 4.—Charles M. Schwab, head of the Bethlehem Steel Company, sailed yesterday for Europe aboard the Aquitania.

Schwab declared, just before sailing, that his trip was not being made solely to get a rest, but that he would pay particular attention to the question of German reparations and other foreign financial matters, in addition to business affairs for the Bethlehem Company.

East Indians Lie on Tracks to Block Train With Bodies

London, Feb. 4.—Unrest continues among the peasants of the united provinces of Agra and Oudh, British India, according to a dispatch to the London Times from Allahabad. Agitators are reported to be carrying on a violent campaign against the government.

In the latest instance of disorder a thousand persons lay down upon the railroad track to halt a train on which they believed their leader, who had been arrested, was being transported. When persuasion failed, the police were ordered to clear the track. The crowd made an attack with stones, whereupon the police opened fire with buckshot.

GIRL CONFESSES PERJURY AND CLEARS LIFE-TERMER

Memphis, Tenn., Feb. 4.—On the witness stand in Second Criminal Court yesterday afternoon, Mary Thompson McNamara, 18, swore that Allen McNamara did not criminally assault her. He was convicted for this alleged offense on her testimony and sentenced to death, but won a commutation and is now serving a life term in the State prison at Nashville.

The girl, who has since married Gus McNamara, brother of Allen, was the first witness for the defense yesterday afternoon in her trial for perjury before Judge Harsh.

The girl alleges that Judge Richards neglected to put her under oath at McNamara's trial, and thus she is seeking to avoid the charge of perjury. However, Judge Richards and other witnesses have testified that she was duly sworn as a witness.

FIRE WRECKS OLDEST GEORGETOWN DORMITORY

Washington, Feb. 4.—Fire of undetermined origin broke out yesterday under the roof of the north dormitory at Georgetown University, but was brought under control before the building had been very seriously damaged. The blaze apparently had burned for some time before it broke through and was discovered.

When the first fire companies reached the scene, vast clouds of smoke were pouring from the upper floor and from under the roof and a second alarm was sent in. The firemen had a hard battle against the smoke, but soon conquered the flames.

The structure is the oldest at the University, having been built in 1795. It housed about sixty students.

ATTRACTION

The stranger in New York will notice at intrevals during his walk down the principal streets small groups of people craning their necks trying to find what is in the center of the group. Sometimes as many as a hundred persons will stop and look. In a short while most of these persons move on not a bit wiser as to the cause of their aroused curiosity.

There is printed matter like this. One is attracted to it and after gazing at it and examining it is left without any idea what it is all about. Either writer or printer has failed in his task.

It is all right to attract, but after the attention is caught, the facts must be presented clearly or the prospect is lost.

CITY NEWS IN BRIEF

Miss Marion Lee Holmes, of Baltimore, is the guest of Mrs. M. C. C. Peyton, in The Wagar.

Considerable business of a routine nature was disposed of last night at a meeting of the city school board.

A guard from the state convict road force today conveyed a number of prisoners from the city jail to work on the state roads.

The regular meeting of Alexandria Post, No. 24, American Legion, will be held tonight at the Chamber of Commerce.

Miss Sallie Travers sailed yesterday for Panama to visit her sister with whom she will spend several months.

Mrs. Effie H. Wheatley, Mrs. Chas. E. Dare and daughter, Miss Virginia Dare, left this morning for a two weeks' visit to St. Petersburg, Florida.

Alexandria Lodge of Elks will hold a lodge of sorrow tonight to take action on the death of William Edward Grover, a member of that lodge, who died yesterday.

A card party will be given Tuesday evening, at 601 Duke street, under the auspices of the League of Women Voters, for the benefit of the fund to finish work on the athletic track at the high school.

The Rev. Dr. W. E. Rollins, of the Virginia Theological Seminary, will occupy the pulpit at St. Paul's Church on Sunday with morning prayer, sermon and Holy Communion at the 11:00 o'clock service.

Funeral services for William Edward Grover, who died yesterday, will take place at 4 o'clock tomorrow afternoon from his late residence in Del Ray. Services will be conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South and burial will be in Bethel cemetery.

L. V. (Young) Brooks, of this city, representing the Dreadnaught A. C., motored down to Camp Humphrey last night, and spoiled the soldier boys evening festivities by successfully upholding his reputation of the best 145 wrestling man in this section, by defeating Kid Kirchner, the pride of the A. E. F., representing the best product in the camp at this weight, securing after nine minutes of clever work, a deadly head scissors and hammerlock on Kirchner, causing the latter to give up.

PRISONERS REVEAL SPOT OF $500,000 STOLEN BOND

Chicago, Feb. 4.—Two men arrested yesterday confessed, according to the police, that bonds, said to total $500,000, obtained in the robbery of a government mail truck at the Union Station recently, were secreted in a house on the West Side.

They also said they had burned 12 mail pouches.

The police refused to reveal the identity of the prisoners pending an investigation of their story.

A squad of detectves accompanied by postal inspectors immediately began a search for the missing bonds.

The robbery took place in view of scores of spectators at the Union Station. The bandits in an automobile stopped their machine beside a government truck that was being unloaded, seized the mail sacks and escaped.

IN MEMORIAM

In sad but loving remembrance of my beloved husband, CLARENCE W. ALE, who was killed 3 months ago today, It seems like years.

Oft from my heart comes a bitter cry,
Why, oh, why, was my Clarence killed,
There comes an answer so solemn and sweet,
He is not dead, he is only asleep.

30-1p. By his devoted wife.

BLOOD IS FUEL TO THE BODY

Pumped Through the System by the Heart it Sustains the Muscles And Tissues

PEPTO-MANGAN HELPS BLOOD

Keep the Quality of Your Blood at Its Best—It Means Vigorous Health and Ability to Accomplish

Blood acts like a fuel. Pumped through the body by the heart, it sustains the muscles and tissues. It renews them. It feeds the brain—the tissues of the eye and face. That is why people look so pale and lifeless when blood is impoverished. The body tissues are being supplied with weak fuel. The blood has not enough red corpuscles. You would not eat poor food with no nourishment in it; no more should you let the fuel that supplies sustenance to your entire body be inferior. Have good blood. Improve the quality and keep it at its best.

If you look pale and feel week, if you have lost your enthusiasm and energy, if your blood is clogged with poisons, your system is being fed with a poor grade of blood. That is no way to go around. If you are not at your best, get at the source of the trouble right away. Put an end to half-living.

Take that ideal tonic, Pepto-Mangan, to tone up your blood and purify it. Get the full enjoyment out of living Breathe fresh air, take exercise.

Be sure to ask for "Gude's Pepto-Mangan." It comes in convenient tablet form and in liquid. One has the same medicinal value as the other There is only one genuine Pepto-Mangan, and the name "Gude's" is on the package—Adv.

Gulls Follow Ship of Ghosts Adrift in Mist

Norfolk, Va., Feb. 4.—Like a "Flying Dutchman" the five masted schooner Carroll A. Deering loomed through the mists about Diamond Shoals yesterday, all sails set, but unmanned.

The vessel was boarded by coast guards from the cutter Seminole, after two unsuccessful attempts in the heavy seas, where the schooner was aground.

The only life about the derelict, except gulls perched on the masts and hovering above, was a parrot found below decks.

Lifeboats were missing, and it is believed the crew abandoned the vessel and were picked up by a passing ship. The Deering is reported in good condition, and an attempt will be made to float her.

THIEF SCATTERS GEMS TO DIVERT PURSUERS

Paris, Feb. 4.—A spectacular, single handed attempt to rob a jewelry store in broad daylight was made here yesterday by a man who gave the name of Charles Russell, age 24, of New Haven, Connecticut.

The man entered the shop, struck a saleswoman on the head with a piece of lead pipe, seized a tray of diamonds ran out and continued his flight for several blocks, with the afternoon crowds in hot pursuit. As he ran, the fugitive scattered diamond rings in an attempt to divert the attention of his pursuers. He was finally cornered near the church of the Madeline and arrested by citizens, who turned him over to the police. He is now held at headquarters.

The saleswoman, who was struck by the robber, is reported to be in a serious condition.

The shop which was entered is located on the Rue St. Honore near the Rue Royale, in the heart of the city.

Ford

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.
